Our Format

Riders will be required to first perform a dressage test (L1) and then jump a total of approximately 15 fences, a mixture of cross country, show jumping and show hunter type fences. The jumps will be no more than 85cm in height. Each team will nominate the order in which the riders will ride so each team number one rider will go then each teams rider number two and so on.

The course will be up to 1 km long and will be held over very easy undulating ground. For those riders that have been to the Puhinui Reserve, It is planned to run this event beside the main oval arena at Puhinui.

Our Purpose

The purpose of this competition is to bridge the gap between the Eventers, Show Hunters, Hunters and Show Jumpers; to demonstrate a sporting horse's ability to perform accurately and willingly for the rider; to be a platform of basic training for any jumping horse and rider; to educate in a natural progression of experience; to give large and small horses and ponies a more equal playing field, to eliminate straight jumping lines and increase pace requirements; to encourage disciplined riding style and technique; to help horse and rider combinations assess their training and progress as they move towards other disciplines and competitions of their choice.

Judging

There will be 2 judges and judging will be based on style and smoothness.

Horses are judged on their way of going, manners, conformation and appearance as they negotiate a course of fences. The ideal mount with the ideal jumping form is the front legs nicely tucked and coming together over fences, forearms at horizontal or above, good use of head and neck. Mount must be willing, and forward movement throughout the course using a steady, ground covering canter and overall quality of the horse. The horse and rider should present an overall elegant picture of conformation, way of going and turnout. Judges are supposed to pace the entry to determine the implied takeoff point in which a perfect jump should be roughly the same distance from the fence as the fence is high.

Start and Finish: Following the dressage test each competitor is allowed an optional starting and finishing courtesy circle without penalty- one before the first fence to establish pace and one after the last fence to quietly wind down to a walk and leave the finish area. There will be start and finish flags to assist riders.

Any of the following will result in elimination:

- three refusals or disobedience on course
- fall of horse and or rider
- use of banned substance
- presenting the horse to the fence without the intention of jumping it
- leaving the designated course

Judging will start as the competitor begins the equitation test and finishes as the competitor moves through the finish flags.

Scoring sheets will be available for riders from the judges at the completion of the event.

A score out of 100 is given

Team Composition

Each team will consist of up to four riders with the best three scores counting. If your Pony Club cannot enter a full team composite teams will be allowed but the Pony Club Secretaries must sign a declaration that it is not possible to field a full team.
